

WESTSEA  
MARINE PTY LTD

## HEALTH, SAFETY and ENVIRONMENT POLICY

**Westsea Marine** is committed to be the preferred major supplier of modern vessels for the Mining, Oil and Gas industries. We value the importance of Health, Safety and Environment as core business. Providing a safe incident free workplace environment for all stakeholders shall identify and eliminate all possible causes of work-related harm.

We **shall** achieve this vision through:

- Safe working practices
- Protect all stakeholders
- Identify all hazards and risks
- Promote a culture of participation
- Employ environmental friendly systems
- Competent employees that receive adequate training
- Employees awareness of their roles and responsibilities
- Strict compliance with all local, state, federal and international legislation
- Safety of our people takes precedence over business and commercial objectives
- Install awareness to staff to improve performance in environmental management
- Adopting values, practices and behaviours that promote environment sustainability
- Yearly review and continuous improvement of health, safety and environment management system
